To Whom It May Concern:

I have known Code 3 Events Inc. and John Fischer in a professional capacity for about one year. During this time I have witnessed the efforts of the organization to build awareness for the cause, network with the community, build collaborations and partnerships and execute highly successful events. We have met on several occasions during which we discussed the importance of adhering to compliance requirements and creating development and operational plans. John's commitment to the mission and work that his organization is focused on is impressive and I fully support the nonprofit's efforts to improve the lives of others.

Code 3 Events Inc. is poised for significant growth and impact. I endorse the work of John Fischer, his board and volunteers as they execute their mission to improve the lives of veterans and first responders. They strive every day to build community and enhance the quality of life of our city and its residents.

Please don't hesitate to contact me should you have any questions.
