To Whom It May Concern,

This is an open letter of recommendation for Code 3 Events, Inc. which is the parent organization for the Delray Beach St. Patrick's Day Parade. Code 3 Events rescued from extinction, a highly prized community event with a 50 history in our community. In short order, Code 3 Events restored the luster of a treasured community tradition that had been tarnished by many years of mismanagement. Code 3 Events is a very lean, focused, and efficient non-profit organization and they enjoy an excellent reputation within the community, and with local government. They have developed an extraordinary number of very strong collaborative relationships with other area non-profit organizations and these organizations fully support the mission of Code 3 Events. I can say with conviction that supporting Code 3 Events is a great investment in making Delray Beach a better community and they are very responsible stewards of the funds they are entrusted with.

Should you require any further clarification or if you have any questions, please do not hesitate to contact me directly.

All Best,
